You Are Invited

This is the first public auction sale we have made at Claymore Farms since we formerly organized four years ago at the time of our purchase of the entire herd of Claymore Shorthorns, owned by Clem Larson at Calender, Ia. Prior to that time and May 2, 1953, each of the present owners had small, select herds of Shorthorns. Some of the cattle go back to the foundation animals in the former Clausen Bros. herd that was dispersed on May 2, 1953. The foundation for that herd goes back to the cattle purchased by our father, Peter Clausen, 50 years ago.

With the acquisition of the Claymore herd, came the imported bull, Westdrums Dandy and most of our offering is built around this truly great breeding bull. We have drained deep into our female supply and only rarely are heifers like these being sold, available except in dispersion sales.

We are all looking forward to seeing you on Monday, November 23rd and as all of us work very closely with all the cattle, we will be able to answer any questions and to show you anything you wish to see.

That has been the slogan of the promotion and build-up for this first annual Claymore Production Sale. No truer words could be spoken, because in this sale will be sold no less than three 1959 State Fair grand champions. Claymore cattle in the last four years, have made an enviable reputation. Not only at the major shows throughout the nation, but in the leading sales and most important, in the various herds where they have gone.

With the Claymore herd, came the young herd bull, Westdrums Dandy and it goes without saying that here of course, the boys at Claymore made a "ten strike". With each calf crop, Westdrums Dandy increases his stature as a sire of national prominence.

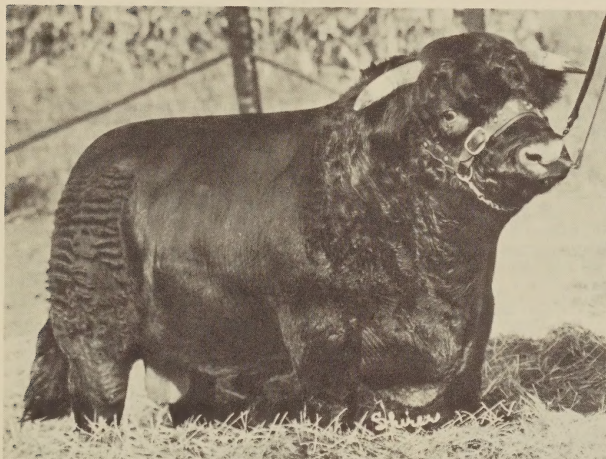

Most important of all, each of the three owners of Claymore Farms and their families are all real cattle people. They make their living with Shorthorn cattle and they know Shorthorn cattle. It's been a pleasure to work with Floyd, Orval and Arlan in the preparation for this sale and I believe that everyone interested in the production of better Shorthorn cattle, will find this sale on Monday, November 23rd an ideal place for all of us to get together.

WESTDRUMS DANDY—We are proud of this outstanding herd bull by Erimus Emeritus by Kirkton Challenger, one of the greatest breeding sons of the noted Kirkton Baronet. His dam, Westdrums Lady Dorothy, is by the Perth reserve champion, Cluny Brave Rodney. Westdrums Dandy is an exceptionally short-legged, smooth, burly bull with a great head, and his calves have the look of herd bull prepotency with every outstanding quality of their sire bred in. The ruggedness, heavy-boned and naturally heavy muscling can be found in all his sons. He was only mated to two females in Scotland and one of these produced Westdrums Edwin that was sold for export for \$12,000 to the Argentine in the Perth sale and the other calf, a heifer, was a grand champion at one of the major shows in Scotland. He's the sire of 19 outstanding young bulls and 17 females in this sale. There will also be 2 cows with calves at foot, sired by him and remated to him.

A Word from Homer Duea . . .

It has been a pleasure to assist with the cattle here at Claymore Farms. It always gives me a feeling of great satisfaction to work with good cattle like these, and with men and women like the owners of Claymore Farms.

I think Westdrums Dandy is one of the great breeding bulls of the Shorthorn breed. I was very much impressed when I came and saw the offspring, both bulls and females, that he sired. He is assisted by some great young sires, like Claymore Governor, Claymore Topper, Claymore Captain and Claymore Jordan. You will be very much impressed when you see all these young sires.

I am sure all of us here at Claymore Farms will be honored to see you at the Sale.

The Tall Iowa corn provides too much shade to afford a clear picture of these daughters of Westdrums Dandy. Floyd Clausen wanted to show you though that these good females have been developed on grass with plenty of roughage to assure their future usefulness in your herd.
